**Subject:** RE: Share your feedback on today's Magna Online Seminar - February 6, 2014

Hi Diane,

I wanted to thank you replacing the webinar we had before with this one ["Using Universal Design to Support All Online Students"]. It was excellent and my faculty learned a lot.

We are currently involved in the TAACCCT [Trade Adjustment Assistance Community College and Career Training] grant which requires UDL. If others across the US who are also working on this grant have not seen this webinar, then they need to.

It helped to put things in a straightforward way to where my faculty know what is expected in UDL, and it isn't as scary as they thought it would be.

Again, thank you!

Ginger Dewey
