**Tobin & Behling (How to Talk)**

Response Scale: Poor, Fair, Good, Very Good, Excellent

Comments/suggestions:

- Tobin and Behling's presentation was very energetic; I appreciated the Star Wars references! The general strategies for engaging faculty on UDL were helpful, but more specific examples of how these strategies have been successful would be great.
- Lots of energy from presenters
- It was interesting to hear about what they are doing at Tufts
- This session was both informative and provided hands-on application. Excellent!
