Dear Thomas,

On behalf of the board of directors, program committee and staff of EDUCAUSE, please accept our sincere appreciation for presenting at this year's annual conference in Chicago.

As you know, we ask for attendees to complete session/presenter evaluations to provide valuable feedback. As promised, below is a summary of the evaluations from your session, ***How to Reach Every Learner: The Science of Student Success***. We hope that you will find it useful for enhancing future presentations.

We strongly encourage completion of these evaluations, however sometimes we unfortunately receive a limited number of responses. While receiving a limited number (fewer than 10) are more difficult to interpret and can be unreliable, feedback and reflective thinking about your session still lends to continuous improvement.

Thank you again! It was a pleasure working with you, and I hope to have the opportunity to do so again in the future.
