1. This session's information will be useful to me in my work.
2. The description matched what I experienced in the session.
3. The speaker demonstrated good presentation skills.
4. Over all, this was a good session.

5. In a few words, share your over-all impression of this session:

- A lot of good information on what we could add to decrease barriers for students, but also that we must look through what we currently have and weed things out. We cannot keep adding, adding, adding, without removing things that are no longer necessary/needed/helpful.
- Excellent information - lots of practical information to consider and add to the classroom and course materials!
- Good but some was repeated from the first session.
- Great session! I will apply these ideas to my courses.
- I was also thinking how we can implement steps for incoming students as well as our returning ones. Thank you.
- It was nice to reflect on how the college as a whole can approach UDL.
- Many ideas were shared on how to reach students, but I think more focus needs to be on teaching students how (after an orientation) to be more independent. An employer is unlikely to spend mountains of time finding ways to reach their employees.
- Practical considerations and strategies.
- Practical ways to improve.
- Priceless!!!
- Prompts me to take action--I feel less overwhelmed.
- Thank you Tom, very useful steps NSCC can take to improve their work with students and each other.
- Thank you. I hope NSCC will implement some of Tom's ideas, specifically for admissions.
- Very impressive! Thank you!
- Well done & informative. Has us thinking at a deeper level.
