“Aside from the glowingly positive evaluations, many faculty members have subsequently told me that they have implemented Tom’s ideas into their face-to-face and online courses. This was faculty development at its best.”
— Steven Sawyer, Associate Dean, Texas Tech U

“Tom Tobin carries his breadth and depth of knowledge very easily—totally in command of his subject and quietly confident in his ability to engage an audience. Everyone came away feeling like ‘I can do this.’ Only a true master of a subject can do that. Thank you!”
— Conor McGuckin, Trinity College Dublin

“I went to Tom Tobin’s presentation on copyright and even though I’ve been through a number of copyright trainings, his materials and way of presenting things was the best I’ve seen (and funny, too.)”
— April Bellafiore, Dean of eLearning, Bristol CC

“For those of us who coordinated the two-day event, we appreciated your prompt responses, follow-up, and detailed pre-assessment of our campus culture and needs.”
— Melanie Clay, Dean of Online Program, U of W Georgia

“Dr. Tobin’s keynote was the perfect combination of expertise and energy that we needed to start off our conference. We knew we had picked the right presenter when we heard attendees in the sessions referring back to the keynote. Dr. Tobin masterfully provided a message that was powerful and captivating for attendees. The experience was fun, interesting, and insightful.”
— Heidi Leming, Vice Chancellor for Student Success, Tennessee Board of Regents

Keynotes, Workshops, & Consulting

Three Post-Pandemic Practices to Keep
Collectively, we tried hundreds of ways to keep teaching despite the COVID-19 pandemic. As we are leaving emergency-response practices behind, we have an opportunity to strengthen and adopt three key practices that lower barriers and make our teaching and learning easier and more effective.

“I have seldom seen a presenter model every single one of the strategies that they advocate.”
“Thank you so much! You actually took work off my plate and helped me focus my efforts.”

Evaluating Online Teaching
Learn 5 use-them-now practices to align student ratings, peer observations, & administrative evaluations from my book Evaluating Online Teaching (Jossey-Bass).

“Super job. Thanks for making something arduous so entertaining.”
“Nobody really put all of this together for me like you did. I learned new ideas, and I’ve been in e-learning for 15-plus years!”

Reach Everyone & Teach Everyone with Universal Design for Learning
Universal Design for Learning (UDL) makes interactions more engaging for everyone. Learn practical design steps from my books Reach Everyone, Teach Everyone: UDL in Higher Education (WVU Press) and UDL for Further Education & Training (SOLAS).

“Dr. Tobin presented an interesting & thought-provoking presentation that educated the audience & began campus discussions about utilizing UDL.”

Copyright for Faculty and Administrators
I offer plain-language best practices for both U.S. & Canadian faculty members and administrators about copying materials for teaching, and who owns content they create. Help the learning to “stick” with copies of my comic book, The Copyright Ninja, for your participants, too.

“You made copyright not terrifying but fun! Thanks!”
“Wow. I got lots of information about copyright that I could use right away.”

Three Paths to Academic Integrity across Campus
Many campuses approach academic integrity as “catching cheaters.” You’ll get specific strategies that you can implement immediately to increase campus academic honesty (and, yes, catch cheaters).

“Your academic-integrity workshop stimulated conversation and action on our campus. It was definitely worth the money!”

The Alt-Ac Career Path
Many of us with advanced degrees have been trained only to be faculty members. Based on my new book, Going Alt-Ac: A Guide to Alternative Academic Careers, learn about rewarding paths in the alternative-academic, or alt-ac world, and how to steer your career, whether you are a new professional or looking to make a switch.

“If Going Alt-Ac had been available twenty years ago as I began my own post-Ph.D. non-traditional academic journey, it would have saved me from years of career angst.”
Let’s Work Together

CUSTOMIZED FOR YOU

Every engagement includes pre-event sessions with program leaders to make sure that I understand your needs. If appropriate, I also ask for the opportunity to speak to some likely participants before the program, to get additional insights and customize for your audience.

PREPARATION & LOGISTICS

In our discussions, we will craft a detailed planning process to support your event. I supply program descriptions, brief and extended speaker biographies, publicity photos, and written introductions for each program segment. For in-person events, I recommend the following list of setup items (from which we will customize further):

• Pre-arranged room layout details
• Sound system with wireless lavaliere microphone and HDMI connection to computer for videos
• LCD projector with remote
• Projection screen large and high enough to allow visibility to all participants (off to one side is ideal)
• Raised platform for presentation if possible
• Side table for supplies and display
• High stool—no podium please. I like to move around and interact with the audience!
• Room temperature water available
• Flip chart with markers
• Clock or timer visible to the presenter

CAN’T BE TOGETHER? LET’S CONNECT REMOTELY

I have been presenting engaging, interactive, and dynamic webinars since 2005. I will give your attendees actionable take-aways and ways for their voices to be part of the larger conversation. Watch one of my sample keynote webinar videos to experience how.

RECORDINGS AND ANCILLARY MATERIALS

Clients are permitted to record audio, video, and still images of the program for the private use of their employees. Clients must place recordings where only employees may gain access (or on publicly accessible media with prior agreement). Still images may be used on both public and private media. In creating recordings, you grant me an unrestricted license to copy, modify, and share your recordings of the program.

I provide all supporting materials at least 3 weeks ahead of the program. It is the client’s responsibility for duplication of participant handouts and materials. All content used in the program is copyright Thomas J. Tobin or used with permission or by license. I share all of my ancillary materials (e.g., handouts, workbooks, checklists) under a Creative Commons BY-NC-SA license.

YOUR SATISFACTION IS MY GOAL

I work hard to ensure that my work helps you to meet your goals. At any time, for any reason, if you are not satisfied, let me know and I will work with you to make things right. I am happy to put you in touch with former clients who can attest to my commitment to excellence, personal touch, and focus on use-them-now strategies.

TRAVEL & RELATED FEES

I offer a number of options for payment of travel, hotel, and meal fees:

Regional: For clients within 150 miles from State College, a $150.00 per diem fee covers travel and meals, or $300.00 per diem also includes overnight hotel.

Expensed: I supply a statement showing actual costs for air tickets, transportation to and from airports, hotel, meals, tips, and shipment of materials and supplies. The client reimburses me within 30 days of receipt.

Turnkey: Client pays a flat fee of $1,500.00 to cover all items listed in the “Expensed” category.

PAYMENT TERMS

For non-travel events (e.g., webinars, remote keynotes, online workshops, remote consulting), payment for the entire invoice is due net 30 days after the conclusion of the event or series.

For events involving travel, a deposit of 50% of the base fee is due upon booking confirmation. The remaining 50% of the base fee (and the entire turnkey or regional fee, if applicable) is due when the speaker arrives at the program. Itemized or expensed fees are required to be paid within 30 days of the client being provided the written invoice and documentation (e.g. travel, lodging, and meal receipts).

Please make all checks payable to Thomas J. Tobin in U.S. dollars. With advance notice, I am also able to accept credit-card, PayPal, and international wire-transfer payments in local currencies (a 3% surcharge applies).

CANCELLATION & RESCHEDULING

In the event of cancellation more than 30 days prior to the program, I will re-book the program on a mutually convenient date within six months from the intended date, with no penalty. If the program is canceled and cannot be rescheduled, 50% of the total invoice will be considered full and complete payment. Programs canceled within 30 days of the scheduled date will be charged the full base fee. If I attend the program and do not speak due to program schedule conflicts, full payment is still required.

If I am unable to travel due to weather, illness, or other unavoidable delays within 3 days of the event, I will set up a remote connection (at a 10% discount), reschedule, or offer you a full refund, at your choice.
